Venice Taverns Warned Hours Will Be Enforced

Warnings were issued to several Venice taverns—Thursday night on Main street—Thursday night on violation of the city's new 1 o'clock closing law, which went into effect upon being voted by the city council May 15. Main street taverns, which were a factor in revision of the hours, were found closed.

Mayor John E. Lee told the Press-Record Friday night that minor violations will result in warnings from the police for a week or so. After that, arrests are planned, he said in reporting that it is intended to enforce the new regulations.

Milton Morris, a Venice resident, attended the Venice city council meeting Friday evening and spoke briefly, thanking the officials for their action on tavern hours. He described it as a step in achieving "a good community."

The council instructed City Clerk William Eberhardt to thank Madison police, Assistant State's Attorney John Gitchoff, Gitchoff's wife, Virginia, and State Police Capt. Emil Toffant for aid given Venice police in investigating early morning shootings at the TBS City Tavern May 14. Dr. Lee complimented the police for their efforts in the case.

It's CURE THAT COUNTS NOT QUANTITY

The size, shape and quantity of your medicine are important. The amount of CURE you get from it is most important.

Check the results—not the size—and when you do, you'll agree the quick cures accomplished by prescribed medicine make it the biggest bargain of all.

Ranft Describes Port Authority Objectives

The objectives of a regional port authority were described for members of the Daybreak Club Saturday morning at the YMCA by Carl A. Ranft, chairman of the Tri-Regional Port District.

Ranft, who displayed an artist's conception of the port authority, said the port authority will be able to handle dry bulk cargoes, including grain, for which an elevator is to be built.

He said \$29 million in new highways are planned in the area, some of them already in the construction phase, and all of which will help to distribute products handled by the port.

A rail yard to serve the port is also to be built on the 30,000 sq. ft. site, which will include the installation, he added.

The port authority will be able to handle dry bulk cargoes, including grain, for which an elevator is to be built.

Optimist Gerald Walters presided at the meeting, during which it was decided to contribute \$25 to the "Little Mike Emergency Benefit Fund," established for the victims of a recent explosion and fire at a gathering of the Surrey Lane and St. Louis County.

Four witnesses testified before jurors at the inquest conducted by Deputy Coroner John Sedlack.

1000 Tour Engineer Depot During Armed Forces Day

More than 1000 Quad-Cityans toured the Granite City Engineer Depot during Saturday's open house in observance of Armed Forces Day.

Focus point for Saturday's event was the parade grounds, where the opening ceremony took place and was marked by the firing of a century-old Civil War cannon that had been restored by depot personnel with the assistance of members of Sarah Jane McVerners Tent 50, Daughters of Union Veterans.

Firing of the cannon at 9:01 a.m. followed an opening fanfare by the depot's drum and bugle corps. Depot Chaplain Billy H. Cox gave the invocation and there were brief remarks by Col. Jack C. Jeffrey, with the ceremony closing on a note of final music by the drum and bugle corps.

The restored cannon drew attention from most of the visitors, who also viewed athletic events by military personnel and their children, bomb disarming demonstrations by the 50th Ordnance Detachment, precision drill by the depot Honor Guard, performances by the drum and bugle corps, displays of heavy engineering equipment, and a hobbles and crafts show set up by depot civilians and soldiers.

Bus tours of the entire depot, largest Army installation of its kind in the nation, were given throughout the day with stops to view exhibits at the depot headquarters, one of the depot's modern storage warehouses, a maintenance shop, one of the 165-man barracks and the arts and crafts exhibit at the service club. Bus transportation also was furnished between the depot and the city hall building.

Area Newspapers Asks Schools To Help Fill Jobs

Concerned about the dearth of journalism graduates to fill newspaper jobs in the expanding sixties, major newspapers of the Illinois Metropolitan Area met with high school counselors of Madison and St. Clair counties Thursday night in Belleville in an effort to enlist their help.

Paul S. Cousey, editor of the Alton Evening Telegraph and spokesman for the newspapers, pointed out to the group of approximately 40 counselors that the scarcity of capable journalism graduates could be alleviated if high school students were made acquainted with the increasing opportunities in the newspaper field prior to enrolling in college.

Earnings compare favorably with other professions, Cousey said, and he also called attention to the "great personal satisfaction" that comes from news work, contacts, interviews, and community service. An audio projection of a newspaper was exhibited to the counselors, emphasizing the qualifications required and the many interesting ramifications of newspaper work.

"You counselors are in an ideal position to encourage young men and women, able to meet the particular standards of the newspaper profession, to embark on a journalistic career," Cousey said.

During an informal question period that followed, mention was made of the possibility of arranging clinics or seminars in cooperation with the various high schools, also scholarships and practice training in local news newspapers for students while in college. These will be further discussed by the newspaper publishers and the high school counselors.

William Trimpse, superintendent of Madison county schools, and Clarence D. Blair, superintendent of St. Clair county schools, spoke briefly in support of a long-range program to attract more qualified young people to the newspaper field.

Newspapers represented at the dinner meeting, held at Augustiner's, included the Granite City Press-Record, Alton Evening Telegraph, Edwardsville Intelligencer, East St. Louis Journal, and Belleville News-Democrat.

Dutchess' Devotion To Duty Is Damaging

Dutchess is a watch dog who takes her job seriously. And Loyell E. Tatum, proprietor of the Western Auto Association Store at 3001 Grand avenue, wishes certain two-legged individuals would do the same.

Honerkamp testified he found Kasting after returning from a weekend trip. Kasting had been dead about 24 hours Pieper said.

Sacred Heart Youth Movement Fails; Mercer Wins Moose Club Takes Fourth In Row, 23-4

Granite City's Sacred Heart, which put the emphasis on youth last week when four regulars with the club were released and four new players—three of them on high school permits—were signed, had the misfortune of running into a red-hot Larry McCaskey and his Moose team in East St. Louis yesterday.

Moose bombed three pitchers for 23 hits in a 23-4 win. The Hearts have had 43 runs scored against them in the last two games.

Mercer Funeral Home snapped a two-game Inter-City League losing streak at Wilson Park yesterday, plating three runs in the eighth to break a 6-6 tie and defeat Carpenter 9-6.

Glassmen In First
Other games saw McAtee Glass take over first place in the Blue division with a 9-2 win over White City, Troy top 300 with an 11-4 win over Peoria, and Collinsville beat Peoria 7-0.

Mercer's picked up 13 hits, including a 40-foot home run in the fourth by Mercer scored three, Jack Buehler and Don Crabtree hit back-to-back doubles in the third as Mercer scored three, and Jerry Parnley laid the fifth, scoring on Branding's sacrifice fly.

Jake Hintersper, who paced Mercer with 3-for-4, singled in the tying run in the sixth after Don Dillard's single and a sacrifice by Rudy Dick. The clincher came across in the eighth on singles by Charles Johanningmeier and Dillard, an outfield error, fielder's choice and a sacrifice by Joe Helder and Crabtree.

Andy Angeloff was the winner in relief. Mercer's will play the Moose on Memorial Day in East St. Louis in a makeup contest.

The Moose scored the runs in the first. The Hearts had narrowed it to 5-2 before the Moose counted seven runs in the fourth and 11 in the fifth and sixth.

Sealmasters Defeat GC Saturday

The Aurora Sealmasters put a quick end to Granite City's brief winning streak in Class A exhibition softball at Aurora Saturday night, sweeping both ends of a doubleheader from the visitors by scores of 4-0 and 4-2.

Charles Richard twirled a three-hit shutout in the first game, and the 1959 world tournament men's champions picked up three runs—all that were needed—on 23rd street. The day's activities were concluded by the forming of friendship circle and the singing of the Star-Spangled Banner.

The outing was arranged by program chairman Mrs. Mary Milkovich and members of her neighborhood committee, Mrs. Doris Votaw, Mrs. Helen Santa, Mrs. Pat Welch, Mrs. Barbara Davidson and Mrs. Doris Jolly.

Two of the three hits by GC were by Art Borchers. Richard struck out 15.

Granite City got six hits in the second game, one more than Red Huff and Charles Johanningmeier allowed, but two second-inning walks and two hits gave the Sealmasters the lead and they added markers in the fourth and sixth. Doubles by Manger Dean McGovern and Huff produced one run, and Jim Bain tripled and scored on Borchers' single in the seventh.

Opening Of Auto Race Track Postponed At Least One Month

A Memorial Day opening of the Tri-City Speedway, combination auto racing tracks under construction on Illinois Route Three between Nantook and Mitchell, is definitely out of the question, Roy Brummel, a racing association representative said today.

Continued rain and adverse weather conditions have hampered track construction, and the grand opening of the raceway will be delayed at least a month, Brummel said.

He added that some work on the multiple tracks was carried out two weeks ago, but that standing water at the construction site completely closed down the project last week. Footings for grandstands have been poured and the metal stands have been delivered.

When the laying does open, it will be the scene of super-modified stock car, sprint car, midwest and possibly micro-midget and go-cart racing.

He will work with Little League baseball teams in the Rapid City area during the daytime. Last summer Reilly played in the Illinois Dan Johnson league and prior to that with the Granite City Sacred Hearts in the southwestern Illinois Inter-City league.

Centralia Is Hard Hit

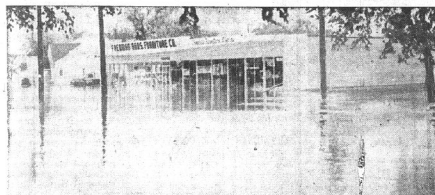

**5 Feet of Water in Streets,
Thousands Homeless in Area**

Surging floods, fed by four days of torrential rains, left, Southern Illinois groggy Tuesday.

Swollen rivers, creeks and lakes sent water spilling over highways, closing schools and factories and marooning families. Perhaps the hardest hit was Centralia, in Marion County, where water reached a depth of 5 feet in some city streets. "It looked mighty terrible for a long time," Centralia Police Capt. Charles E. Brantley reported. "But I think we're safe now. At least we're keeping our fingers crossed."

Sandbag crews worked through the day on the levee of Baccoon Lake, northeast of Centralia. For a time, water there rose 2 feet over the spillway. The lake is the main source of water for Centralia.

Floodwaters also caused the city's sewage disposal plant to be gutted by fire. Waters shorted out electrical equip-

Heavy rains in Central Illinois over last weekend caused the flooding of Fredman Bros. Furniture Store. The entire display floor and warehouse of the recently built one-level building was covered by water — forcing the closing of the store. All shipments of new merchandise have been rerouted to other Fredman Bros. Stores.

SANDBAGGERS—City employees work to sandbag doors and windows. The men on the trucks fill sacks while those in the water stack them to halt the flow of water into the building.

"What do you mean, we need more light in the bathroom?"

Disconcerting, isn't it, to discover your artful make-up looks more like a masquerade... due to feeble, inadequate bathroom or boudoir lighting. It need never happen to you if you provide your make-up mirror with plenty of overhead light... as well as good bright illumination on each side of your face. And the head of the household will benefit by eliminating the guesswork and nicks from his morning shave. Ask your electric contractor or appliance dealer about new ideas in bathroom lighting fixtures—a small investment that pays off in prouder appearance for the whole family.
